

INTERNATIONAL HIGH PERFORMANCE TRAINING BASES

Supporting our talented athletes with an environment to achieve success.

ABOUT THE PROJECT

International High Performance Training Bases provide a vital home-environment for the next generation of Australian athletes.

The Australian Golf High Performance action plan sets a vision to develop and sustain Australia's position as a world leader in golf.

By investing in international high performance training bases, we are taking a significant step towards achieving this vision.

These bases are not only essential for the development of our young athletes but are also a source of pride for our country.

They enable our athletes to train between competitions, connect with other Australians at a safe and supporting haven and offer a sense of community and belonging for our athletes who are away from family and loved ones for 8-12 months a year.

At these bases, athletes have access to world-class coaching and sports science services, which help them to optimise their performance and reach their full potential.

Hannah Green, Min Woo Lee, Lucas Herbert, Cameron Davis and Su Oh are examples of athletes who have benefited greatly from being able to access the Orlando base for extended periods of time.

OUR GOAL

Our goal is to develop athletes who inspire the next generation of Australian golfers.

WHY WE NEED YOUR SUPPORT

Investment in our athletes through providing them with facilities that give them the best opportunity to reach their potential is crucial for Australia's competitiveness and success on the international stage.

With other countries continuing to invest heavily in sports including golf, it is essential that Australia is able to keep up and strive for a competitive advantage.

This investment can come in various forms, such as funding for training facilities, sports science research, and athlete development programs.

However, this investment requires significant resources and the generous support of donors, as there are limits on the capacity of governments and Australian golfing bodies to fund all the investment needed.

OUR VISION FOR CHANGE

Our vision for change is providing world-class facilities that offer the best training, coaching, and sports science services for Australian athletes and to create a culture of excellence, where our athletes push beyond their limits to reach their full potential.

It is about creating a legacy of world-class golfers who will continue to make Australia proud on the international stage for years to come and continue to inspire the next generation of Australian golfers so that golf can thrive into the future.

WHAT WILL BE OUR IMPACT

We are committed to supporting the development and success of our athletes at all levels. We believe that the establishment of world-class training bases is an important step toward achieving this goal.

By providing our athletes with access to state-of-the-art training facilities and equipment, as well as expert coaching and support staff while traveling and competing away from Australia, we believe that we can help them become inspiring role models and reach their full potential on and off the golf course.

WHAT INVESTMENT IS REQUIRED

Australian Golf currently has two bases that are located in the United States and United Kingdom.

Orlando, Florida

Investment Required:
\$450,000 per annum.

Surrey, United Kingdom

Investment Required:
\$150,000 per annum.

TESTIMONIALS

"When I first travelled to America, I used the Australian Golf House to acclimatise. To be able to have a place where I could train, relax and feel at home all at the same time made my transition much easier."

HANNAH GREEN
TEN PROFESSIONAL WINS
INCLUDING ONE MAJOR

"The Australian Golf House in Orlando is a great base. To have a little bit of Australia in the US that we can check in at and play, train or relax is a great asset."

MIN WOO LEE
TWO PROFESSIONAL WINS

"Being away from my family and friends for so much time during the year can be quite difficult at times. To know that I could stay with other athletes and be able to train and travel between competitions from a central base was extremely beneficial in helping me prepare and compete on the world stage of professional golf."

SU OH
TWO PROFESSIONAL WINS

"The Australian Golf House in Orlando was a fantastic training base for me during my time in the Golf Australia high performance program. The training environment was conducive to competition golf and allowed me to focus entirely on my game. I am grateful for the opportunity to use such a wonderful facility and have a home away from home with other Australian players to train and play with."
